**DETAILED ACTION**

***Response to Amendment***

The amendment of claims 1, 10, and 11 are acknowledged.

***Response to Arguments***

Applicant's arguments, see Remarks, filed 21 August 2006, with respect to claims 1-11 have been fully considered and are persuasive. As amended, the formerly relied upon prior art fails to read on the claims. The rejections of claims 1-11 have been withdrawn.

***Allowable Subject Matter***

Claims 1-11 allowed.

The following is an examiner's statement of reasons for allowance: the relevant prior art is silent as to a laser frequency stabilization device as claimed, particularly characterized by one optical setup for introducing the probe beam into a flat surface of the cell, and a second optical setup for introducing the pumping beam into a side surface of the cell.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
